The Covid Explosion – 2020

The 2020 (21) Waverly Holiday Tournament had many different things due to the Covid Epidemic. The tournament could not be held until March 2021 at the end of the shortened basketball season. The tournament was held on two Saturdays and a Monday and Wednesday evening. The games were held in four different locations. Waverly and Franklin held games on all four days. On Monday and Wednesday evenings, Routt and New Berlin each had two games in their gyms.

Most of the teams that usually play in the tournament planned to play except Calvary was going to play in place of West Central, who felt they should not play in our tournament if they were not having the Winchester Tournament. However two days before the tournament could start, Pawnee and South County were exposed to the virus and had to be quarantined for two weeks. So two Junior Varsity teams from Lincolnwood and New Berlin were added to the field. Since South County was ranked second in the tournament, all rankings were moved up one place making all the brackets and pairings change. All games were played under the new schedule until the last day when Lutheran had players with Covid on Friday night. They were to play for the Consolation Championship, so they had to forfeit the Consolation Champion Trophy to Calvary.

The games were played with masks and no fans until the Championship Game when each player could have two people come to watch them play. Any player on the All-Tournament Team could have one person at the Championship Game with them to receive their plaque. Many people/fans will remember the 2020 (21) Waverly Holiday Tournament that they did not get to attend for a long time.

1951--Max Miller and Dan Robbins (Macomb) worked the first session and the weather turned bad, so they headed back to Macomb. Steve Horvath (Springfield) and Bill Caldwell (Waverly), worked the rest of the tournament.

1952--Bill Plummer (Alton) and Francis Strauch (Hardin) worked the complete tournament of eight games.

1953--Francis Strauch (Hardin) and Ed Johnson (Litchfield) worked the complete tournament of eight games.

1954--Bill Murgatroyd (Jacksonville) and Spike Wilson (Jacksonville) worked games 1,2,5,6. Paul Blakeman (Chapin) and Francis Strauch worked games 3,4,7,8.

1955

The Holiday Tournament used 2 sets of 3 officials the first of which consisted of Paul Blakeman (Chapin,) Bill Plummer (Alton), and Francis Strauch (Hardin), who worked games 1,2,5,6,9,10. The second set of three officials consisted of Bob Vose (Springfield), Steve Horvath (Springfield), and Ronald Zook (Springfield) who worked games 3,4,7,8. All the officials except Vose and Zook, had worked previous Waverly Holiday Tournaments. During this Tournament the number of games increased to ten from eight.

In 1955, Gerald R. Brown, Superintendent of Waverly Schools sent a letter to tournament referees with the following being some of the subject matter of that letter:

"In an effort to provide the fans, as well as the participating teams, with something new and in somewhat of a variation from year to year in our Holiday Tournament, we are planning to use three officials per game, during the 1955 Holiday Basketball tournament at Waverly. "The idea behind the use of three officials is not to produce more fouls per game, but rather to afford a more complete perspective of the playing floor on the part of the officials and to reduce to some extent, the amount of running back and forth particularly in the event of the lead man. Still another advantage will be to provide one person who will be nearly always at right angles to a so-called charging type violation; whereby he can more closely determine whether the blame should be placed on the offensive or defensive player".

2000 - The WHT started using 3 officials on a regular basis for the championship game.

2005 - The WHT started using three officials for each game.

2008 - The WHT started rotating officials for the championship game.
